Kindly scan the QR code to register and
make payment

Physical Session (limited to 24 seats)

Teaching + Saw Bone Demo with Q&A session

Venue :

Datin Ragayah Hall, Faculty of Medicine, University Malaya

It is our greatest pleasure to welcome you to the 'APSS Basic Operative Course 2023'. This course is designed for orthopaedic surgeons/trainees who are keen to expand their knowledge on the basic surgical principles for spine surgery. The topics and saw bone workshops are designed to cover common spine surgical procedures. We hope that this course can consolidate the participants' understanding on the indications and surgical techniques of all these basic surgical procedures.

Dr. Thuraikumar Kanniah
Organising Chairman
