

APSS-GANGA HOSPITAL SPINE FELLOWSHIP 2024

Fellow: Dr Paramalingam Srigrishna
Department of Orthopaedic Surgery Teaching Hospital Jaffna Sri Lanka

Host: Professor S. Rajasekaran

Fellowship Centre: Ganga Hospital, Coimbatore, India.

Duration of Fellowship: 1 July 2024 – 21 July 2024

First of all, I would like to express my heartfelt gratitude to APSS and Ganga Hospital for selecting me to undergo this spine fellowship at Ganga Hospital, Coimbatore, India from 1 July 2024 to 21 July 2024. Many thanks to Prof Dato Shivanathan and Ms Jennifer Matthew from the APSS and Mr Mohan from Ganga Hospital for all the trip arrangements to ensure that I have a smooth fellowship. Also, I would like to thank my colleagues in Teaching Hospital Jaffna for covering my work duties during my fellowship. This was a great opportunity for me to visit and experience how does a major spine centre practice and to develop professional connection and friendship.

I went to Coimbatore from Jaffna on 30th June. Once I have arrived at the Coimbatore International Airport, I was greeted by a staff from Ganga Hospital and he brought me to the CPC Guesthouse. Once I reached the guesthouse, Dr Juan Esteban a Columbian spine fellow showed me around the place and nearby amenities. The accommodation was provided by Ganga Hospital. It was clean, and well-equipped. There were daily housekeeping and laundry services. The guesthouse was located about 3 km from the hospital. There was daily bus service provided by the hospital in the morning and the evening.

Ganga Hospital is a 650-bedded specialty hospital solely dedicated to Orthopaedics, Plastic Surgery and Trauma Surgery with more than 2500 spine surgeries operated per year. On day 1, I managed to meet Prof Rajasekaran in the Operation Theatre. After that, I was given the opportunity to participate in the OT. I was amazed with the number of cases and the variety of cases operated here. There were 6 operation days in a week. There were 2 to 4 OTs operating spine surgeries at the same time in a day. I have a busy schedule during my fellowship at Ganga Hospital. I have opportunities to observe or assist all the consultants – Prof Rajasekaran, Dr Ajoy Shetty and Dr Rishi. There was a variety of cases here, ranging from anterior cervical discectomy and fusion, foramen magnum decompression, scoliosis, tuberculous kyphosis, spine trauma, spine infection and lumbar decompression and fusion surgeries. During my 3-week stay here, I have observed osteotomies for severe scoliosis and healed tuberculous kyphosis using intraoperative CT navigation system. I also managed to learn the intraoperative management and postoperative pain regime for scoliosis patients from the anaesthetists.

I also joined the morning teachings which were held on every Tuesdays. During the teaching, there would be journal club and audit presentation by the spine fellows., I managed to pick up important clinical pearls and the team's approach in decision making and surgical consideration.

On day 5 of my stay, I was given the opportunity to visit the Ganga Spine Injury Rehabilitation Centre where patients will continue the postoperative rehabilitation after their surgeries. They also have an in-house prosthetic and orthotic centre where braces for scoliosis are fabricated here as well. Later, we visited the Ganga Research Centre. It was an awe-inspiring experience for me to visit one of the top research centre that generates multiple award-winning basic science papers in the field of intervertebral disc degeneration.

This was an excellent fellowship and I truly enjoyed it. Having spent 3 weeks in a single large volume centre allowed me to fully involve in their daily routine in Ganga Hospital. I was blessed to be able to learn some surgical tips and tricks from all the spine consultants in dealing with complicated surgeries. Not only that I learned the clinical aspects of spine surgery, this fellowship also enables me to establish new friendship with the Ganga Spine Team as well as international spine fellows from Ethiopia and Colombia.

Prof Rajasekaran is a great spine surgeon with great personality. Not only that I learned spine surgery from him, he also inspired me with his life philosophies that are significant for the development of a spine surgeon.

I have privileged to participate Ganga operative Workshop at the final three days of my fellowship with other Indian fellows. In this workshop I got a great opportunity to meet two eminent spine surgeons Prof Kuwan president APSS and his team as well as Prof Juvan Emmrich president AO spine international. Thank you to APSS, Ganga Hospital and APSS for giving me this wonderful experience.

1124071792	C5-C6 DOC With Disc Extrusion And Cervical Compressive Myelopathy Nurick 3	C5 Corpectomy Harms Cage Reconstruction and C4-C6 Anterior Cervical Plating	12/7/2024 0:00	Dr. Rishi Mugesh Kanna P
1124072019	L5-S1 Disc Prolapse With Right Lower Limb Radiculopathy	L5-S1 Endoscopic Discectomy	12/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124072031	T4 AO A4, T5 AO A1 Type C Injury With Normal Neurology Right Brachial Plexus Palsy	Posterior Instrumented Stabilisation	12/7/2024 0:00	Dr. Rishi Mugesh Kanna P
1124072036	T12 DGOU Type 3 Osteoporotic Compression Fracture with Normal neurology	T11-L1 Posterior Instrumented Stabilisation	13/7/2024 0:00	Dr. S.Rajasekaran
1124072066	L1 -L2 AO type C injury with ASIA C neurology	T 12 - L4 Posterior instrumented stabilisation and decompression	13/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124072132	L5-S1 Disc Prolapse With Right Lower Limb Radiculopathy	L5-S1 Endoscopic Discectomy	13/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124072237	T10-T11 Spondylodiscitis with Normal Neurology With Ossified Ligamentum flavum At T11 Level	T7-L2 Posterior Instrumented stabilisation With Posterior Decompression + Biopsy From T11 Vertebra	15/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124072453	L1 Pseudoarthrosis With Normal Neurology	T11-L3 Posterior Instrumented Stabilisation	15/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124072569	C7 Pathological Fracture	C7 Corpectomy with Harms Cage Reconstruction and C6-T1 Anterior Cervical Plating	15/7/2024 0:00	Dr. S.Rajasekaran
1124072675	T12-L1 AO B2 Injury + L1 AO A1 Type Injury With Normal neurology	Robotic T11-L2 Posterior Instrumented Stabilisation	15/7/2024 0:00	Dr. Rishi Mugesh Kanna P
1124073018	L4-L5 Disc Prolapse With Cauda Equina Syndrome	L4-L5 Microdiscectomy + Decompression	15/7/2024 0:00	Dr. Rishi Mugesh Kanna P
1124073089	C5-C6 AO TYPE C INJURY WITH ASIA A NEUROLOGY	C5-C6 ACDF WITH ANTERIOR CERVICAL PLATING	15/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124073146	L4-L5 Canal Stenosis With Left Lower Limb Radiculopathy With Left L5 Neurodeficit	L4-5 Microdecompression	15/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124073271	L1-2 Spondylodiscitis With Normal Neurology	T12-L3 Posterior Instrumented Stabilisation + Debridement & Biopsy	16/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124073294	Right thoracic scoliosis, Right brachial plexus injury	T2-L3 posterior instrumented deformity correction and fusion	16/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124073396	C6-C7 AO Type C Injury with ASIA A Neurology	C6-C7 ACDF with Anterior Cervical Plating	16/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124073404	T4-5 AO B2, T5 AO A4 With Normal Neurology	T2-T7 Robotic Assisted Posterior Instrumented Stabilisation	16/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124073431	T12-L1 AO B2, L1 AO A4 With Normal Neurology	T10-L3 Robotic MIS Posterior Instrumented Stabilisation	16/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124073442	L4-L5 DISC PROLAPSE WITH LEFT RADICULOPATHY AND LEFT L4,L5 NEUROLOGICAL DEFICIT	L4-L5 ENDOSCOPIC DISCECTOMY	16/7/2024 0:00	Dr. Rishi Mugesh Kanna P
1124073442	L4-L5 Disc Prolapse With Left Radiculopathy	L4-L5 Endoscopic Discectomy	17/7/2024 0:00	Dr. Rishi Mugesh Kanna P
1124073632	AIS LENKE 1C	T4-L3 Posterior Instrumented Deformity Correction And Fusion	17/7/2024 0:00	Dr. Rishi Mugesh Kanna P
1124073880	L5-S1 Disc Prolapse With Left Radiculopathy	L5-S1 Tubular Discectomy	17/7/2024 0:00	Dr. Rishi Mugesh Kanna P
1124074128	L4-5 recurrent disc prolapse with right lowerlimb radiculopathy	L4-L5 fusion	17/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124074191	T10-T11 AO B2 Injury With T11 AO A4 Injury With ASIA A Neurology	T9-L1 Posterior Instrumented Stabilisation With T10-T11 Posterior Decompression	17/7/2024 0:00	Dr. Rishi Mugesh Kanna P
1124074209	Elsewhere operated case of L4-5 fusion with surgical site infection	Implant removal with debridement and VAC application	17/7/2024 0:00	Dr. Ajoy Prasad Shetty

1124074228	Right Thoracic Scoliosis Ligamentous Laxity	T4-L2 Posterior Instrumented Deformity Correction and Fusion	17/7/2024 0:00	Dr. S.Rajasekaran
1124074305	C5-C6 AO Type C Injury with ASIA C Neurology	C5-C6 ACDF with Anterior Cervical Plating	17/7/2024 0:00	Dr. S.Rajasekaran
1124074305	C5-C6 AO Type C Injury with ASIA C Neurology	C5-C6 ACDF with Anterior Cervical Plating	17/7/2024 0:00	Dr. S.Rajasekaran
1124074338	L4 -L5 canal stenosis (SCHIZAS C) with bilateral lowerlimb radiculopathy	Decompression over Top L3-4 and L4-5	17/7/2024 0:00	Dr. Ajoy Prasad Shetty
1124074628	L4 -L5 calcified disc prolapse with left lowerlimb radiculopathy	L4-L5 microdiscectomy	17/7/2024 0:00	Dr. Ajoy Prasad Shetty
