

VIETNAM ORTHOPAEDIC ASSOCIATION

APSS HANOI SPINE OPERATIVE COURSE

Vietduc University Hospital was chosen to be the venue holding the APSS Hanoi Spine Operative Course when Prof. Jae Yoon Chung came to Vietnam to attend the 12th Annual Scientific Meeting of Vietnam Orthopaedic Association (VOA) in October 2013 and visited Vietduc University Hospital.

My colleagues from VOA and Vietduc University Hospital have prepared everything well for this very important event.

On behalf of Vietnam Orthopaedic Association, as the President of VOA, I would like to express my special thanks to APSS for choosing Vietnam as the country to organize this interesting course.
